

Changes to practice range:

Make it smaller

Don't let the bots attack

Knife backstabs don't work

- Lily's E isn't working right. Pressing space once makes her continuously move up even after I let go, and pressing control doesn't make her come down. Half the speed she moves vertically at.
- Change Mortimer's dash to be 40% of a normal one instead of 25%, but increase Mortimer's dash cooldown by 25%
- Mortimer's quake isn't working
- Elle's portal is invisible. Make a circle placeholder portal, glowing purple
- Change Lily so she only has an extra dash when she is not carrying the core
